## DETAILED ACTION

### *Terminal Disclaimer*

1. The terminal disclaimer filed on September 10, 2001 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Patent No. 5,768,809 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 9 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Pierce et al. 1,758,408. Pierce et al. '408 discloses all the limitations of the claims including the following: a ground engaging structure 10; an attachment structure (33 and arms or extensions 34) for removably attaching the cleat to footwear; the attachment structure having a vertical (that running through the center of base 33, same as that through center of spike); a base 33 to which the top of the ground-engaging member is attached (see Figure 2); a plurality of extensions 34 projecting outward from the base; the extensions are adapted for insertion into a cleat receptacle (see Figure 1) in the shoe; the cleat extensions 34 securely engaged above a receptacle restraining ledge 32; the plurality of cleat extensions lie in a plane perpendicular to the vertical axis of the attachment structure (see Figures, vertical axis runs through center of base 33 with extensions extending within the same plane as 33).

### *Allowable Subject Matter*

4. Claims 1-8 are allowed.

Art Unit: 3728

5. Claims 10-13 and 16-17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

*Response to Arguments*

6. Applicant's arguments with respect to claims 9 and 15 have been considered but are moot in view of the new ground(s) of rejection.

*Conclusion*

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
